April Showers bring a Cell-a-bration

We're taking time to celebrate cell phones.

On the go and away from home, these tiny devices have changed our lives in amazing ways. Gone are days of wondering where the kids are or what time your spouse will be in from the field. Now easily check in at home while you're on vacation, alleviating worry and allowing you to fully enjoy time away.

With a lot to be grateful for and so much to celebrate, we're thanking you – our loyal cell phone customers with a Cell-a-bration! We're giving away one month of *free* cell service.

If you have Nationwide Cellular service with Albany Mutual Telephone, you're eligible. Just fill out the form below and drop it off or mail it in. Or send us your name via text at 320-241-1676 or e-mail it to customersupport@albanytel.com.

On April 30, one lucky winner will be drawn to receive one month of *free* cell service. You need not be present to win. It's just one more reason to Cell-a-brate in April!

New customers can Cell-a-brate, too!

If you're not currently a Nationwide Cellular customer, you won't be left out. With our Let Freedom Ring cellular promotion, if you sign up for Nationwide Cellular service right now, you can talk *free* your first month.

Keeping up with friends and family has never been easier or more affordable. Check out plans that start at \$14.95. Plus, nights and weekends start at 7 p.m.

Stop in for more details and to check out our selection of cell phones.

Enter to WIN!

Win one month of free cellular service. You can enter in one of several ways:

Fiber Update

Our goal of bringing the power of fiber to more customers' homes continues to move full speed ahead.

With spring-like weather upon us, crews are completing in-home conversion for customers of the 2010 Albany project. Customers are already enjoying faster Internet speeds and digital TV service.

The 2011 New Munich and 2011 Freeport projects are underway with home site inspections and customer education. Crews will begin plowing as soon as conditions permit.

Give your business a boost

Now you can advertise your business on some of the most popular national television networks. A few months ago, Albany Mutual Telephone began partnering with Cable One Advertising to bring you this opportunity. Available Networks include: CNN, Discovery, ESPN, FOX News, Fox Sports, HGTV, Lifetime, SPIKE, TBS, TLC, TNT, USA.

For more information and advertising rates, please contact:

Sandy Krebs, Cable One Account Manager

Keep safe with strong passwords

Strong passwords help ensure you have safer online transactions – especially when you're financial information is involved. An ideal password is long, has letters, punctuation, symbols and numbers.

Test your password strength, by going to www.microsoft.com/security/pc-security/password-checker.aspx. Just type your password in and it'll give you a rating from weak to best.

Taking time to create thoughtful, strong passwords is worth the extra effort.

OMG GR8 TLK & TXT PLNS

Talking is fun, but texting is cool and quick. With Nationwide Cellular, keep in touch any way you want.
