Albany Mutual
TELEPHONE

Slow Internet? It might be your Wi-Fi equipment ruining your fiber Internet experience.

Wi-Fi is no longer an optional "extra" for most homes and businesses. It has become a critical component of connectivity. Just think about the number of wireless devices being used by your family members or employees including laptops, tablets, and smartphones. You need a wireless connection that is reliable, secure and up-to-date.

Managed Wi-Fi from Albany Mutual Telephone is your local answer to the challenges of wireless connections in homes, farms, retail stores, office buildings, restaurants, and more. Our managed Wi-Fi service is specifically designed to get the most out of your fiber Internet connection. Our trained technicians install commercial-grade wireless equipment in your home or business to ensure that you have Wi-Fi where you need it the most. That means fast speeds, better coverage, and fewer problems when you use Wi-Fi.

Wireless technology is constantly changing. The average wireless router only lasts 2-3 years before it should be upgraded so that it can take advantage of faster internet speeds. Managed Wi-Fi means if there's a problem down the road, we can often look into, diagnose, and fix and Wi-Fi related issues from our office. Plus, we maintain and enhance the service for you, so there are no surprise costs for maintenance, upgrades, or replacements.

Managed Wi-Fi - Only \$6.95/month!!!

**Have more questions about Managed Wi-Fi?
We are here to help. Call Us! 320-845-2101**

One-time installation fee \$50

**If You're Happy

- 2) If on a computer, click on Albany Mutual Telephone's page
- 3) Click the "Reviews" tab
- 4) Select a star rating and write a review
- 5) Click "Done"

Thanks for your business, support and great feedback!

Meet Jason!

Combination Technician

Jason reached his 10 year work anniversary with AMTA this past spring and has been a key part of the team helping to maintain, install, and repair telephone, Internet and digital TV services for our growing customer base. He is one of the guys that you might see at your house or business when you upgrade your service, ensuring it is a smooth transition. He helps to answer the questions you have about operating and using our services and is an integral part of getting our cutting edge technology services to you!

Favorite thing about working at AMTA? Customer Service, I want our customers' to have the best experience possible with our services to see how superior the fiber is and I really appreciate them letting us into their home. Also, working with the hardware and software technologies that provide our services and makes them run efficiently.

What are your hobbies? The outdoors. Hunting, fishing, camping, hiking, snow shoeing, golfing and riding dirt bike.

What is an interesting fact about you? I lived in New Hampshire for two years and worked for a company called Nova Electronics Data where I installed equipment like Cisco routers, Adtran multiplexers and helped troubleshoot companies network outages. It was a great experience to have a short drive to the ocean or mountains.

What do you enjoy doing in your freetime? I love to spend time with my family and I'm very thankful for all God's blessings.

What is your favorite show in AMTA's digital TV line-up? Mountain Men on the History channel.

Submit your answer with your next bill by September 25th, 2018 for a chance to win a goody bag! One winner will be selected.

All about September...

September 9th is Grandparent's Day. If you can, enjoy the day with them. That is the greatest gift they can receive from you.

September 13th is all about attitude, a positive attitude. It's positive thinking day! We just know you're going to have a spectacular day.

Celebrate National Cheeseburger Day, September 18th by firing up the grill, and cooking cheeseburgers!
